Lakshya Raikwal

: Profile

I'm a driven and passionate individual, committed to achieving excellence in everything I set out to do. When I set my mind to something, it gets done, especially when collaborating with others. My goal is to excel in programming, particularly in the field of artificial intelligence, and to become a leading innovator for the future generation. In the meantime, I'm eager to gain experience and expand my knowledge in the profession I love.

Employment History

President at Tech Club, Singapore
November 2021 — November 2022

I was chosen as the President of the GIIS Tech Club because of my programming skills and my speaking and organizing skills. I played the leadership role well and coordinated with my peers and surroundings.

Tutor at Satakunta University of Applied Sciences, Pori
August 2024 — August 2025

As an international and exchange tutor I help students from diverse backgrounds adapt to new educational environments. I specialize in enhancing language skills, cultural understanding, and academic success during their international study experience.

Subsitute Worker at Touhula Star Academy, Tampere
March 2025 — March 2026

Performed daily cleaning tasks such as sweeping, mopping, vacuuming, dusting, and sanitizing bathrooms.

Disposed of trash and recyclable materials in the appropriate containers, resulting in a cleaner and more organized facility.

Collaborated with the kitchen staff to ensure a smooth and efficient food service.

Washed dishes, utensils and other kitchen items, ensuring a clean and hygienic kitchen.

Education

Bachelors in Artificial Intelligence, Satakunta University of Applied Sciences, Pori
August 2023 — July 2027
